What is the interest rate?	Balance in the account	% Tax-free ⁽²⁾	%AER ⁽¹⁾
	£1+	2.15% (variable)	2.15% (variable)
The interest rate is variable. Interest is calculated on a daily basis and paid into this account on the 5th April each year. Please refer to section 7 of the Savings Accounts General Terms and Conditions for details on how we calculate interest. Details of our full range of products and current interest rates are available on request at our branches, by telephone 01257 235003 or from our website www.chorleybs.co.uk/savings Interest Rate Definitions (1) AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and added to the account once each year. The AER enables you to easily compare one savings account with another. (2) Tax-free – Interest will be paid exempt of UK income tax.			
Can Chorley Building Society change the interest rate?	This account has a variable rate of interest and is subject to change; this means we may increase or decrease interest rates at any time. If we make a material reduction to the interest rate, the reduced rate will be applied to the account after 14 days plus the account notice period (or 30 days if longer than the notice period). During this time, the notice period for making withdrawals from your account (or closing your account) will continue to apply. Please refer to section 7 of the Savings Accounts General Terms and Conditions for further information on how and why we might change the interest rate.		
What would the estimated balance be after 12 months based on a £1000 deposit?	Based on the current rate of interest, if you opened this account and deposited £1,000, after 12 months your estimated balance would be £1,021.50. This projection is for illustrative purposes only and does not take into account your individual circumstances. The projection is based on no additional deposits, withdrawals or changes in interest rate within the 12 month period.
